## FOR SERVICE PROVIDERS

Acronis Education Services can enable your personnel to drive data protection, migration, and disaster recovery services enablement, effectively support your customers, and seamlessly integrate and operate the solution.

**Acronis can conduct customized training sessions tailored for your organization:**

- Multiple offices, onsite or remote workshops, and on-demand webinars
- Role-based training and certification (for your sales, marketing, IT, project management office, support, operations, and development personnel)
- Train-the-trainer programs for larger organizations with medium or high personnel turnover
- In-depth troubleshooting, implementation, and customization workshops
- Training and reference materials for developers working on integration with third-party systems

**Benefits:**

- Improve your attach rate, reduce churn, and capture new customers with better-trained sales and marketing personnel.
- Improve your team's efficiency and decrease resolution times by up to 20 percent with better trained support personnel.
- Improve customer satisfaction with improved service and faster resolutions.

Acronis Education Services ensure every member of your organization is well-prepared to promote your services and manage Acronis software.
