✅ — **Subscription** license is available both in **on-premises** and **cloud deployment**.
❌ — License is not available.

Unlimited cloud storage
for Microsoft 365
and Google Workspace

Unlimited cloud storage for Microsoft 365 / Google Workspace seats

Unlimited Acronis cloud storage at no cost

- You are charged for the number of Microsoft 365 or Google Workspace seats only.
- Cloud data from existing Microsoft 365 and Google Workspace backup will automatically move to unlimited cloud storage, along with their storage quotas.

FAQ

1. What will happen to previously purchased cloud storage?

- If cloud storage was purchased (not provided for free as a part of the June 2024 promotion), it remains a paid cloud storage with its own quota and subscription lifecycle.
- In addition to this, unlimited cloud storage will be provided. If the paid cloud storage is no longer needed, renewal can be ceased. No refunds will be given. Microsoft 365 backups will be migrated to unlimited cloud storage.

2. What will happen to promotional (free) storage?

- If cloud storage was included for free with Microsoft 365 backup (as part of the June 2024 promotion):
- Free cloud storage will be revoked.
- Unlimited cloud storage will be provided.
- All Microsoft 365 backups will be migrated to unlimited cloud storage.

Acronis Cyber Protect: Microsoft 365 licensing

Unlimited Acronis cloud storage at no cost. You are charged for the number of Microsoft 365 seats only.

**1. Microsoft 365 seats that are subject to licensing*:**

- Mailbox
- OneDrive
- Shared mailboxes
- Public folder (mailbox)
- Microsoft 365 seat (mailbox and / or OneDrive) with access to backed up SharePoint sites and Microsoft Teams. Applicable to the seat licensed by Microsoft 365 and with the following types of access: full control, design, edit, contribute, read-only.

2. Nonlicensed Microsoft 365 items:

- Rooms and equipment
- A user with access to backed up SharePoint sites and Microsoft Teams, but without mailboxes and OneDrive, and not licensed by Microsoft 365.
- External user(s) with access to backed up SharePoint sites and Microsoft Teams.

A full list of all licensed Microsoft 365 seats with relevant licensing grounds is available for download via the Acronis Cyber Protect management console.

* If a seat is backed up and has access to backed-up SharePoint site and / or Microsoft Teams, it will be charged as one seat only.

Microsoft 365 Licensing

Acronis Cyber Protect Backup Advanced – Microsoft 365

SKU name				License period
Acronis Cyber Protect Backup Advanced - Microsoft 365 subscription license - includes unlimited cloud storage	5 seats	25 seats	100 seats	1, 3 or 5 years

1. Which Microsoft 365 applications can be backed up?

- Acronis Cyber Protect can protect Microsoft 365 applications including Exchange Online, OneDrive for Business, SharePoint Online and Teams.

2. What is a seat?

- One seat refers to either a Microsoft 365 user, a shared mailbox, or a public folder. One seat for a Microsoft 365 user covers all Microsoft 365 applications available to this user.

- Seat calculation example:
5 users using Exchange Online and OneDrive for Business + 1 shared mailbox + 1 SharePoint Online site = 6 seats.

3. How many seats do I need to back up SharePoint Online by itself?

- Currently, just one seat is required to back up SharePoint Online exclusively. However, all seats with access to SharePoint Online should be licensed.

Per-seat model
1 seat = 1 user subscription
Available as subscription only

1,000 and 5,000-seat Microsoft 365 packages

Meeting Microsoft 365 protection needs for businesses of all sizes.

Acronis Cyber Protect Backup Advanced now offers 1,000 and 5,000-seat Microsoft 365 packages.

- Simplifies purchasing and license management for large Microsoft 365 environments.

- Offers competitive pricing — up to 25% savings compared to multiple 100-seat licenses.

- Available in 1, 3 and 5-year terms.
